<https://forms.gle/meW6oY9zctBf5rjb9>

1 Enhance your leadership

Learn about an **adlerian approach** that develops commitment, cooperation and motivation in teams

2

3 Practice **Positive Discipline**, a pragmatic approach and tool box that combines kindness, firmness and encouragement to expand cooperation and responsibility

Change your perception about mistakes and develop your growth mindset

4

- Alternating between theoretical contributions, activities and interactive reflections
- Discovering of practical tools
- Problem solving on concrete cases

## Objective

Learn an adlerian approach to foster a team environment conducive to the success and fulfillment of all. Learn tools to better respond to complex situations encountered in your leadership.

## Content

- Understand the functioning of the brain to lead more efficiently the complex situations (tensions, stress, conflicts ...)
- Enhance your kind and firm leadership
- Help your team develop essential "soft skills" and create a calm and engaging atmosphere
- Learn multiple tools to foster encouragement and motivation
- Understand the concepts of mistaken goals behind misbehaviors
